

Job Title: Clinician		Unit: Youth Services	
Status: Full-time		Location of Position: Clarke County Schools	
Posting Date: August 23, 2019	Application Deadline Date: Until filled	Job Code: HCP 120	

Clinician, School-Based

Position summary: The candidate will interview clients and provide behavioral health assessments. The Clinician will provide outpatient services including individual and family therapy, group therapy, and may perform psychosocial assessments, crisis assessments, ANSA, CANS, and treatment plans within a School Based Health Center. The Clinician will also be responsible for updating individual service and treatment plans, communicating with various referral agencies including DFACS, Juvenile Courts, and Schools, and working with a team of Community Support Individuals and collaborating with other mental health professionals. Assist with personal development and work performance of the client, and other behavioral, therapeutic interventions and support. Support and intervene in crisis situations. Provide documentation notes that relate to the customer-driven mental health treatment plan.

Duties and Responsibilities:

- School-based mental health clinical services, including individual, family, CSI, and group services
- School trainings and consultation services
- Parent Trainings and consultation services
- Facilitation of groups and summer programs for children and adolescents
- School staff collaboration to meet the grant deliverables of increasing mental health awareness for school personnel
- Ensure authorization by completing required requests for authorization forms
- Determine eligibility for a higher level of care (such as hospitalization), for clients
- Complete and enter ANSA, CANS in the GA Medicaid/APS Healthcare web site
- Create BIRP progress notes for every session/interaction with clients
- Maintain communication with client's parents/guardians, and collateral contacts such as teachers, counselors, case workers, etc. in order to discuss his or her progress, or no-shows for therapy sessions
- Create, complete, and/or update treatment plans according to significant changes in preference, desires, goals, and abilities of the client
- Complete discharge paperwork and safety plans for clients released from MH services
- Provide case management and collaborate with community linkages to assist clients in obtaining essential resources
- Create or complete any necessary weekly updates on clients with POs
- Attend required clinical supervision and departmental staff meetings
- Attend required staff meetings and trainings

Minimum Qualifications:

Candidate must have at least a Master's Degree from an accredited educational institution in Psychology, Social Work, or Community Counseling AND LMSW, LMFT, LPC LCSW or PsyD status (or licensed eligible) in the state of Georgia. The candidate must also have at least 2 years of related experience and/or training of mental health, working with clients and families, case management or community/in-home based services: experience with ANSA, CANS, administering CAFAS, Individual Service Plans (ISPs)/ treatment plans and familiarity with clinical terminology.

Preferred Qualifications:

The candidate must meet all minimum requirements PLUS at least two years' experience with trauma.
