

# Part-Time (non-benefits) Nurse Positions Available at Advantage Behavioral Health Systems' Behavioral Health Crisis Center

Do you enjoy helping people and making a difference in the lives of people in need? Do you feel job satisfaction from helping individuals who are struggling improve their quality of life? If so, you may be a great candidate for psychiatric nursing.

Advantage is looking for Registered Nurses to work one to two 12-hour shifts per week in our Behavioral Health Crisis Center.

**Where:** We are located at the Advantage Pavilion for Behavioral Health in Athens, GA.

The Behavioral Health Crisis Center offers 24/7 crisis evaluation to adults who are experiencing mental health crisis and or in need of detoxification from substances. If it determined that the individual needs more treatment and supports than can be provided in an outpatient setting, they can be served here on site on our 8-bed Temporary Observation Unit or our 30-bed Crisis Stabilization Unit.

## **Registered Nurse Responsibilities:**

Nurses perform nursing assessments, develop initial nursing treatment plans, provide supportive counseling, administer medications, provide crisis intervention services, take vitals, respond to medical needs, document interventions and observations, and ensure that nursing care is provided per prescriber orders. Most importantly, nurses help clients learn how to manage the challenges associated with mental illness and addiction so that they can start their paths to recovery. RN may be required to serve as charge nurse for the shift, which has been considered and built into the hourly rate.)

## **Shifts available:**

- 7AM-7:30PM or 7PM-7:30AM
- Preferably able to work one to two 12-hour shifts per week, but open to candidates who can commit to three to eight 12-hour shifts per month.

## **Benefits:**

- Competitive Pay
  - \$38-\$42/hour based on experience 5% shift differential for working Saturdays and Sundays
  - 13% Shift differential for working 7P-7:30A
- These positions do not include health and other benefits
- Increased marketability through development of new skill sets
- Reward of helping others
- Satisfaction of being a part of helping people change their lives

## **Qualifications:**

- Licensed as RN
- One year of nursing experience.
- Prefer experience in a behavioral health setting
